

GLAMMFIRE ARRIVES AT THE BIG APPLE

New York, October 08th - For the first time in New York, Glammfire will have its products showcased at one of the most iconic high-profile centers devoted to interior design worldwide, the New York Design Center.

Through local Glammfire's New York Sales Representative, our wide range of indoor and outdoor living products are available for purchase at 7th floor Milano Smart Living showroom, offering its visitors and customer's exclusive and exquisite pieces made with high quality materials. Mr. Dan Rodrigues (Country Representative Manager) states that "Glammfire fireplaces and tabletops products are able to let anyone be enchanted by its unique European design and refinement."

At the showroom customers will be able to see a wide range of product units with emphasis for the suspended Thales fireplace. Thales is a fireplace that works with a bioethanol combustion zone and doesn't require construction works when suspended at the ceiling, both its cheminée and combustion zone base can be independently rotated 360 degrees, releases any odors, smoke neither sparks.

Mr. Gideon Back (CEO & Founder Milano Smart Living) states "Glammfire considers that a fireplace is the heart of a home and if there is a brand who knows what this means its Glammfire. We are happy to represent them and we believe that with Glammfire fireplaces our customers can have pleasurable moments while watching the elegance of a dancing flame."

Glammfire also showcases at Milano Smart Living showroom wall mounted and electric fireplaces, as well as fire pits and tabletops.

ABOUT NEW YORK DESIGN CENTER

The New York Design Center has been committed to transforming and enhancing both living and working environments for more than 85 years. Representing classic creations as well as avant-garde contemporary innovations, this renowned Design Center has a worldwide reputation for providing imaginative solutions to any design challenge.

Located at 200 Lexington Avenue, the New York Design Center is the country's oldest furniture and design building. Built in 1926 as the New York Furniture Exchange, 200 Lex was the dream of visionaries in the furniture industry.

This historic 16-story, 500,000-square-foot building designed by Ely Jacques Kahn was originally available only to furniture and department store buyers. In the late 1970s, the building began to shift its focus towards interior design and architecture; and in 1981, emerged as the New York Design Center.

Today, 200 Lex houses nearly 100 showrooms representing more than 500 lines of fine, traditional, contemporary, residential and contract furniture, as well as fabric, floor covering, lighting, wall covering, kitchen and bath and decorative accessory resources.
